**Re: November 9, 2000 E911 Phase II Carrier Implementation Report**  
**PCS One, L.L.C. (former licensee of Station KNLF999)**

Dear Mr. Sugrue:

On behalf of PCS One, LLC ("PCS One"), former licensee of broadband PCS station KNLF999 (Green Bay, Wisconsin BTA – F-Block), we hereby respond to the Wireless Bureau's request for PCS One to submit a report on its plans for implementation of Wireless E911 Phase II Automatic Location Information (ALI) systems.<sup>1</sup>

PCS One assigned its license for station KNLF999 to Northeast Communications of Wisconsin, Inc. ("NCW") in a transaction that was approved by the FCC on July 14, 2000. *See Public Notice DA 00-1976 (rel. July 14, 2000)*. NCW filed its notice of consummation for this transaction, which appeared under File No. 0000038805, on September 25, 2000. Therefore, PCS One is no longer the licensee of station KNLF999.

---

<sup>1</sup> See December 27, 2000, letter of Thomas J. Sugrue, Chief, Wireless Telecommunications Bureau to the law firm of Blooston, Mordkofsky, Jackson & Dickens, counsel to PCS One, L.L.C.

Because PCS One is no longer the licensee of station KNLF999 and currently holds no other CMRS licenses that would make it subject to the reporting requirement of Section 20.3 of the Commission's Rules, PCS One respectfully submits that it was not required to file an E911 Phase II Implementation Report on November 9, 2000.

Very truly yours,
